Primal Pictures’ 3D Human Dentistry Package

- Access provided by Hirsh Health Sciences Library
- To get to it:
  - Go to the library’s website (https://hirshlibrary.tufts.edu/) click on the box that says “Databases” then type “primal pictures” into the search box. Hit enter or click “Search.”
  - Click on “Anatomy.tv powered by Primal Pictures.” This opens Primal Pictures and logs you in.
- Recommended browsers:
  - IE, Firefox, Google Chrome, Microsoft Edge, and Safari
    - Much of the content opens in pop-up windows so be sure to have your pop-up blocker set to accept pop-ups from Primal Pictures/Anatomy.tv.
  - Compatible with tablets (Android and Apple) but not phones
- Dental Content:
  - Mostly under “Clinical Specialties.” “Dentistry” and “Real-Time Dentistry” are the two collections demonstrated today.
    - Dentistry
      - Contains: 3D anatomical structures, MRIs, 2D images for use on slides, animations, clinical textbook information, anatomical structures, and an A to Z list.
    - Real-Time Dentistry
      - Build an anatomical model including precisely the structures, display, and annotations you want
New Dental Textbooks on Stat!Ref

We have recently acquired 14 new electronic textbooks through the Stat!Ref platform. The Stat!Ref platform lets you search simultaneously across multiple textbooks. To get to it, simply go to the library’s website (https://hirshlibrary.tufts.edu/), click on the “Books” tab then click on “Stat!Ref.”

If you’ve done dental searches on Stat!Ref in the past the results will now look different – in a good way. All 14 of our new purchases were published within the last 5 years, and they cover everything from exercises to maintain or improve hand dexterity to dental codes to caries to implants to periodontitis and TMD. Here is a complete list of new titles:

2. Code on Dental Procedures and Nomenclature, 2018
3. Dancing Hands, 2013
8. Implant Therapy: The Integrated Treatment Plan – Volume 1: Diagnosis and Surgical Therapy, 2013
